

## Cats (MiniCube) (CubeBook)

Sinuous and agile, aloof and intelligent, playful and affectionate, cats confound and fascinate us with their countless contradictions. As revealed by expert photographers, the many moods and faces of our favorite felines come alive in more than 500 splendid color photographs in Cats MiniCube. One of four debut volumes in the MiniCube series, this diminutive, chunky book offers an almost three-dimensional form in which to present this delightful collection of pictures that will reveal cats in their full furry glory.
