

Pickard Chilton: Architecture

The names behind Pickard Chilton have led the design of some of the worlds most widely known buildings, creating iconic structures that have defined institutions, corporations, communities, cities and countries. Believing strongly that architecture can affirm a societys best aspirations and a clients cherished goals, the firm creates projects that stand out on the skyline and use resources lightly. This sensitivity to the environment has seen Pickard Chilton recognized by the US Green Building Council as a pioneer and leader in sustainable architecture. Features the CalPERS Headquarters Complex, the 21st Century Tower in Shanghai, Wells Fargo Financial and The Atrium in Dubai along with 41 other landmark buildings.
