

## Counting in the Garden

Counting in the Garden celebrates the joy of growing flowers, fruits, and vegetables in ones very own garden. This chunky board book is a visual feast from one to twelve. Young children will love finding and counting all of the garden treats. Every other page introduces a new plant into the mix until ultimately all twelve plants are featured together in the final, abundantly overgrown garden. Counting in the Garden is sure to appeal to eco-conscious parents and their green little kids.
