

Every Room Tells a Story

Following on from the hugely successful *A Living Space*, Kit Kemp is back with another stunning interiors book that presents her signature style and ever-changing approach to design. As always, Kit brings life and interest to the rooms she styles and avoids taking design too seriously, playing with scale, color and pattern to create personal, handcrafted spaces. Featuring the inspiration behind her effortlessly stylish rooms and buildings, this book provides real insight into the way Kit approaches a room and the success she achieves with each space. Also exploring her collaborations with artists, this is an intriguing look at Kit's way of styling - an intoxicating mix of contemporary and antique elements, a playful approach to fabrics and color, and an individual eye for art. Every room that Kit breathes life into has a story to tell.
