

Mini Atlas of Dermatology (Anshan Gold Standard Mini Atlas)

Over the next 2 years around 50 titles will be published, covering a comprehensive range of disciplines within medicine and health sciences. In a handy 152mm x 122mm size, and between 250-350 pages, these pocket atlases will contain up-to-the-minute information on their subject, which has been compiled, distilled and updated from prior work by each author. Each mini-atlas will also contain a free CDROM or DVDROM with material to accompany and complement the text. The Anshan Gold Standard Mini Atlas Series will appeal to everyone involved in medicine and health sciences, from undergraduates to private practitioners, from medical professionals and academics. The full series will develop into an outstanding resource for any medical library, and each individual title will be a great value-for-money addition to a personal collection, for use as a portable reference for work or home. The first books will publish in February 2007, with a consistent flow of additional titles each month throughout 2007. Contents of Mini Atlas of Dermatology: Viral infections of the skin 2.
