

Where Heaven And Earth Meet: The Art Of Xu Bing And Cai Guo-Qiang

This book documents an exhibition entitled Where Heaven Meets Earth, comprising works by artists Xu Bing and Cai Guo-Qiang. Bing is known for his bold, calligraphic, teasing, thought-provoking pieces that challenge preconceptions about written communication; while Guo-Qiang's approach draws on a wide variety of symbols, narratives, traditions and materials such as Feng Shui, Chinese medicine, dragons, roller coasters, computers, vending machines and gunpowder. Curated by Zhang Zhaohui, the exhibition was staged in the Art Museum of the Center for Curatorial Studies at Bard College. Also included here are recent pieces by the two artists, and an essay on their careers. A critical look at the works of two of the most internationally important and prominent artists from China.
