

Fly-Fishing in Salt and Fresh Water (Classic Reprint)

So many books on the art of fishing have already been published, that it would now seem almost impossible to write anything at all on the subject that could possess any novelty, or afford any fresh information or useful instruction. But the author thinks that the reader will find in this little work, much that may be new to him. The author has fished on three hundred and sixty-five days in the year, excepting, of course, on Sundays; and he has taken fish, of one sort or another, during that period, in good season, and in the highest condition for the table. (Typographical errors above are due to OCR software and do not occur in the book.) About the Publisher Forgotten Books is a publisher of historical writings, such as: Philosophy, Classics, Science, Religion, History, Folklore and Mythology. Forgotten Books Classic Reprint Series utilizes the latest technology to regenerate facsimiles of historically important writings. Careful attention has been made to accurately preserve the original format of each page whilst digitally enhancing the aged text. Read books online for free at www.forgottenbooks.org
