

Solo Pieces for the Intermediate Clarinetist

This book is the second of a 3-volume series which presents solos for clarinet and piano, with each volume scored at a specific grade level. This volume is intended to be used by the intermediate clarinet player after the first year to eighteen months of study. The music has been composed by master composers who lived in the 18th and 19th centuries, and the music has been adapted here for clarinet performance. The music used represents a variety of musical styles, thus giving the player a wide performance experience. Metronome markings have been suggested for each work to give the player a guideline for tempo. The piano accompaniment is included in the book and is also available as an online download.
