

Contemporary Ragtime Guitar

The same folk process that gave birth to the blues and ragtime guitar styles is at work today. In this book, Stefan Grossman shows what has been happening among today's innovative guitarists and gives you a glimpse of where it all might lead. It begins with some original blues compositions, much in the spirit of his monumental Country Blues Guitar Series, then goes on to deal with the art of adapting fiddle tunes and classic piano rags to the guitar. It introduces you to a whole new range of tunings and chord positions, which are simply not to be found in any ordinary guitar instruction book. Songs and compositions by such outstanding modern guitarists as Dave Laibman, Eric Schoenberg, Eric Kaz, Marc Silber, and others make this book unique among today's guitar guides. Stefan Grossman is the author of numerous books on the blues guitar, including Country Blues Guitar, Delta Blues Guitar, and Ragtime Blues Guitarists, all published by Oak. He is also a guitarists guitarist, veteran of concerts, personal appearances, and recording sessions in the U.S. and beyond.
