

Rock face: Exhibition Catalogue

Rock Face is an exhibition catalogue for the art show held in the Palazzo De Piro, Mdina, Malta on the 5th December 2014. The Maltese artist, John Busuttill Leaver, created a collection of Landscape personifications, mixing realistic images with imaginary forms and faces in pastels and oils. The catalogue contains a reproduction in full colour of each art work and an introductory essay by Dr. Louis Lagana, a senior lecturer at the University of Malta, an art historian and critic, and himself a practising artist.
