

Choir and chorus conducting A treatise on the organization, management, training

Choir and chorus conducting. A treatise on the organization, management, training, and conducting of choirs and choral societies (1905). This book, Choir and chorus conducting A treatise on the organization, management, training, by Frederick William Wodel, is a replication of a book originally published before 1905. It has been restored by human beings, page by page, so that you may enjoy it in a form as close to the original as possible.
